

# Complete Listing of Tombstones in Goshen Primitive Baptist Church Cemetery

**Compiled by**

Harold and Shirley Nichols  
Norman and Patricia Baker  
Created 1999 - Updated 2023

The original publication of this book was compiled in 1999 by Harold and Shirley Nichols and Norman and Patricia Baker.

This new updated book was completed in February 2014 and has two parts. The first part is the new portion of Goshen Church Cemetery. The second part is from the original book with the older portion of Goshen Church Cemetery updated to the present.

We would like to thank everyone who helped in any way to make the cemetery listings accurate and the cemetery grounds look so much better.

### GENERAL SUPERVISION

The following rules and regulations have been adopted by the Boone County Goshen Cemetery Association, to provide consistency in management and operation of the cemetery.

These rules and regulations may be changed by the cemetery committee without notice.

The committee must be contacted and written permission granted in advance before any functions, activities, or stone work is performed.

While the cemetery committee will take all reasonable precautions to protect and maintain the gravesites within the cemetery from loss or damage, it is not responsible nor liable for loss or damage beyond its control, such as that caused by natural elements, thieves, vandals, and civil disorder.

### CARE AND MAINTENANCE

All lots are sold at a price of \$250.00 per Lot. This does not include the cost of opening and closing graves.

Maintenance is under the supervision of the cemetery committee. The committee is dedicated to the care, and will do all it can to maintain and enhance the beauty and reverent atmosphere of the cemetery.

For question or inquiries contact any committee member:

## **BURIAL AND LOTS**

All lots will be used for the burial of human remains only. All burials shall have a headstone, concrete vault and at least 18" of dirt on top of vault.

All graves will be seeded level with the adjoining ground. None shall be mounded.

No full sized gravesite may contain more than two urns of cremated remains. One body and one urn of cremated remains are allowed in a full sized grave.

At least one cemetery committee member must supervise dis-interments. The lot must be left in a desirable condition. Any cost incurred for dis-interments must be pre-paid by patron(s) making request.

All transfers of lot ownership must be in writing and must be recorded in the Cemetery Lot Ownership Record.

All grave sites must be dug by professional grave diggers.

## **HEADSTONES**

A headstone is considered any edifice with a maximum length of 36 inches and maximum width of 18 inches. Only one headstone is permitted on a full sized gravesite.

On double graves where a headstone serves two bodies, the headstone will be on a line centered between the lots with a maximum length of 72 inches and maximum width of 18 inches.

Headstones must have a concrete foundation for a depth of at least 12 inches or as deep as the headstone is tall, whichever is greater (maximum depth of 30 inches).

The foundation shall be 6 inches longer and 6 inches wider than base of headstone (at least 3 inch margin around bottom of headstone). Headstone shall be level.

Headstones must be made of certified granite which will not discolor, and for maintenance purposes, shall have a flower vase built into/or on base of the headstone.

Military footstones level with ground and set on concrete foundation for a depth of at least 12 inches are permitted.

Enclosures around a gravesite are **not** permitted. Corner markers are allowed if they are set flush with the sod.

Cemetery Committee must approve any exceptions to these rules and regulations.

## **DECORATIONS**

### **GRAVESITES:**

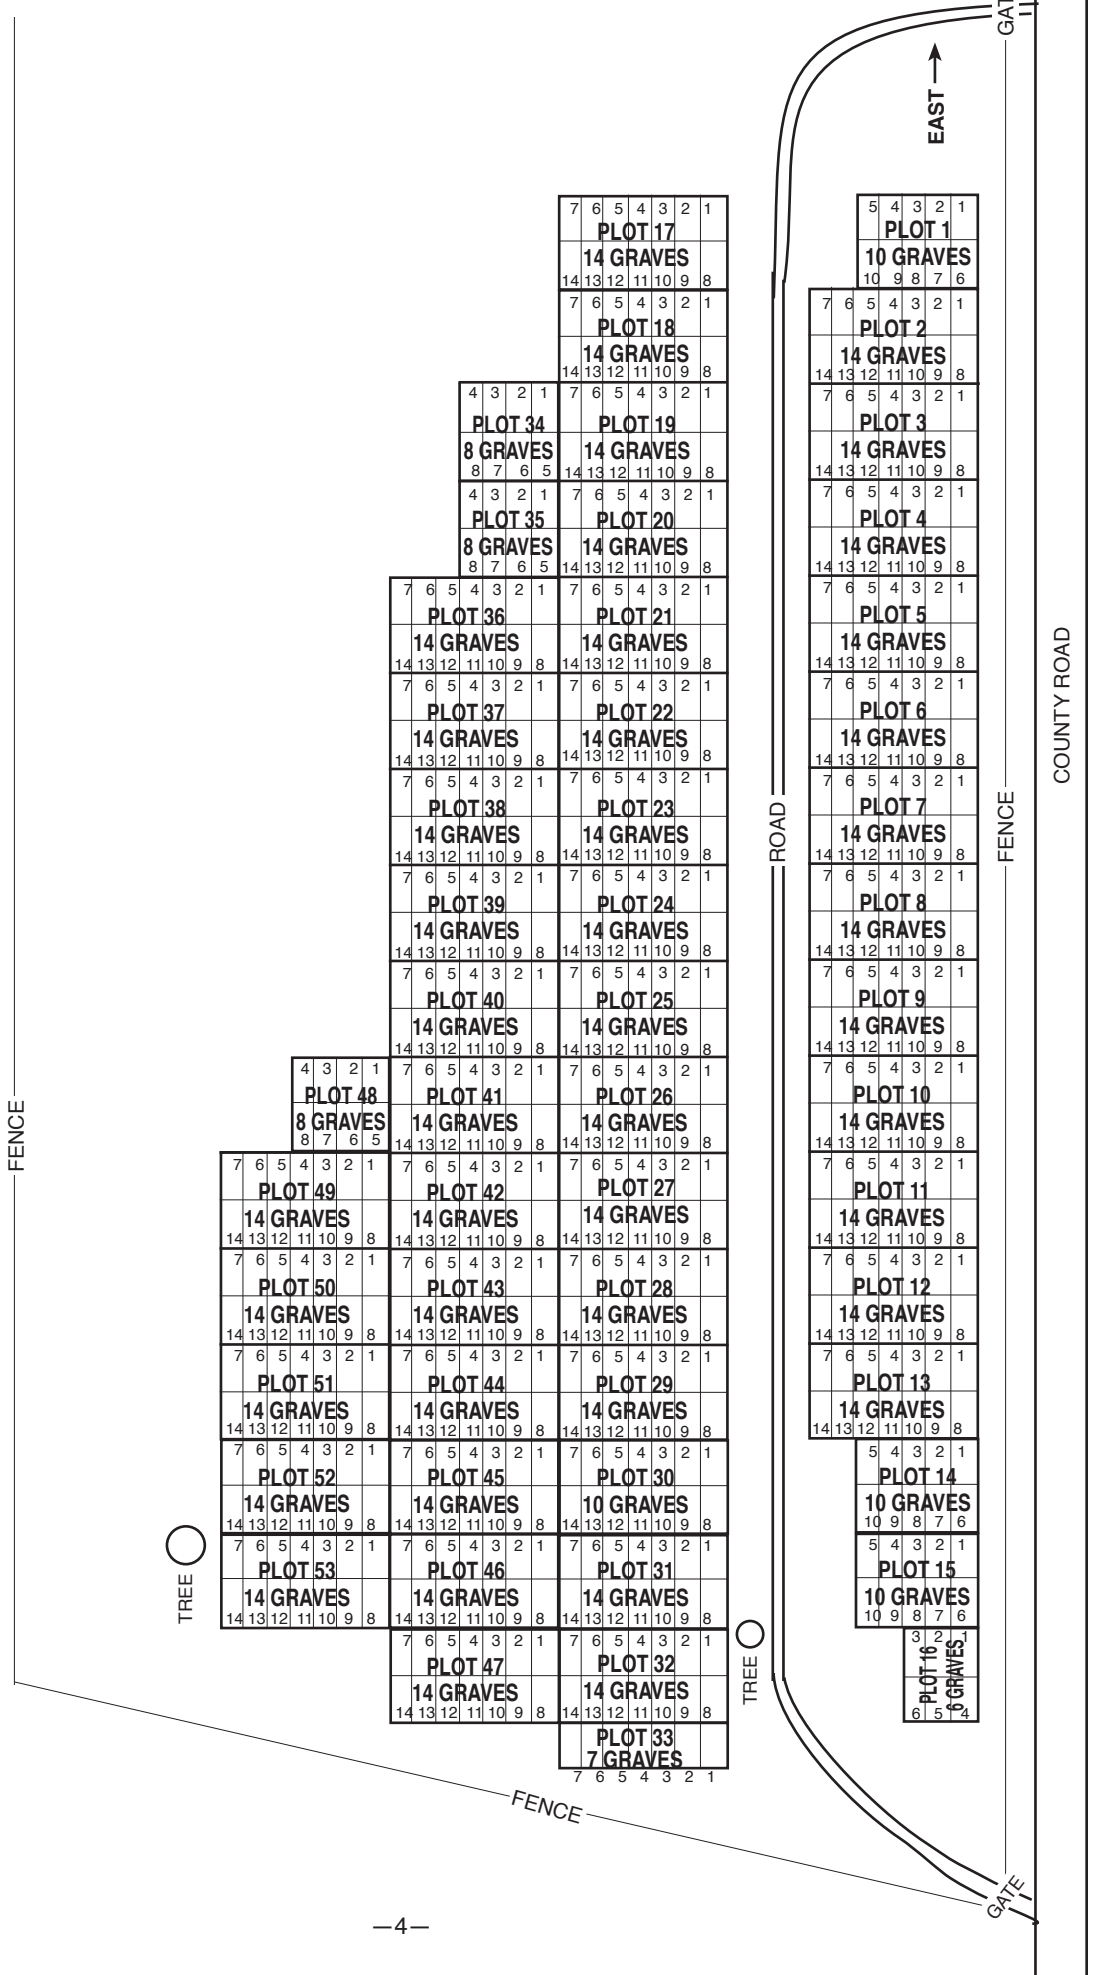

Approved decorations are welcome on gravesites. To protect and prevent damage, we require these items be placed in a permanent vase on headstone. Decorations other than the ones in permanent vases are discouraged.

Digging holes around grave markers to set jars or cans in the ground is **not** permitted. Only the Cemetery Caretaker is permitted to do gravesite maintenance.

Live planting of trees, shrubbery, vines or flowers are **not** permitted. Decorations in permanent vases on headstone are encouraged.

For the beautification and care of our cemetery, your cooperation is requested.

# Old Part of the Cemetery

## *Informational Data*

Every effort was made to be as correct as we could be. It was difficult since some stones were almost impossible to read or not legible at all. We apologize if we have listed any incorrectly.

In some cases the name on one stone is different than the one next to it. In these cases we listed the name as it appears on the stone, and underneath we indicated what we thought it should be.

Example: "Binnett", "Bennett" or "Glasscock", "Glascock"

We listed the birth date first, then the death date. If we didn't know birth or death date, or if they haven't died yet, we left that date open.

Example: 12/20/1836 - 12/20/1900, 12/20/1936 -

If there were more than one name on the stone, we listed only one number and then names under that number.

Example: 6. Nichols, Myra Belle  
Nichols, Herman Lee

If there was only a rock or if the rock was broken, we left it in the listing but didn't try to name them, or wrote "broken, can't read".

There are eight Primitive Baptist Elders buried in the cemetery. They are listed in all caps and bold type. Elders Berryman Wren, Mastin Doty, G. M. Thompson and B. F. Query served as Pastors of Goshen Primitive Baptist Church.

We think there are four people buried in cemetery that constituted Goshen Church. They are Perry and Eliza Spencer, Mary Jamison and Elder Berryman Wren. Elder Wren was also the first pastor of the Church.

As of February 1, 2014 there was 1,010 tombstones that had names on them that we could read. There were some that we couldn't read or were broken. Out of the 1,010 deceased people there are approximately 275 that are under the age of 5 years, and 313 under the age of 15 years.

There is a list of about 148 names in back (page 20) that was provided by David Sapp, (which was done by Carl and Ethelda Henry), and also Mrs. Effie Nichols who started listing names about 1920 and later by Mrs. Hazel Faye Holton of Wilton, Missouri. Part of the record was typed by Floyd E. Browning, STLGS in 1975. We were not able to verify these names and dates for their accuracy. The list does not have any tombstones; they were either not put up or missing for some reason. We are sure there are more people buried in cemetery than we have listed, but are unable to know for sure.

# INDEX

These five pages are the index to the tombstones which are listed in rows. The names are in alphabetical order, followed by the row number. To find grave, find name and row in index then go to next section, (pages 12 thru 19), to find where grave is located.

**On page 20 there is a list of 148 names that don't have tombstones and are not listed in this index. If trying to determine if someone is buried in the cemetery be sure and check on page 20 also.**
